A Division of E-Church Essentials

One of the greatest services a ministry can provide is to help people identify and fulfill the mission for which God created them.

Our online Assessment Packs help people understand their "Divine Design". Ministry leaders receive access to these reports, empowering them to mobilize the right people, with the right temperament, leadership style, skills and giftedness, for ministry service.

AssessME.org is designed specifically for ministry team mobilization. If your organization is serious about mobilizing people for ministry service, then forget about paper-based assessments that require time consuming and costly administration. Our online program provides instant feedback and data management.

AssessME.org provides an introductory offer of five assessment packs for $25.00. We refund this fee when your ministry makes your first larger purchase. We hope this helps make your test-drive risk-free.

YOU WERE Made FOR A Mission

"Ever wonder what it was like to have been on the ground floor with Jeff Bezos of Amazon.com or Pierre Omidyar of eBay.com? Wonder no longer. Join Dave Posthuma of E-Church Essentials and hold on—-the future of the church is forming right before your eyes and under your feet."

HOW DOES IT WORK?

It only takes 5 minutes to turn a ministry website into a powerful online assessment center!

OPTION 1: Once registration is complete, our program generates code that can be easily copied and pasted into any page of your website, turning the web page into an instant Assessment Center.

OPTION 2: Your ministry can simply link to AssessME.org from your website or email campaign, enabling your members to take their assessments directly from our website.
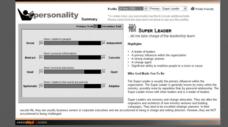

System features include:

- **No data entry or management by ministry staff needed!**
- **Ministry staff can create profiles for available ministry service positions, then search the database for appropriate candidates.**
- **AssessME.org data is exportable into Microsoft Office® and many church management programs.**

A) People Register From Your Website and Receive Immediate Assessment Access

B) Once An Assessment Is Complete, the Individual Receives A Printable Report

C) Ministry Staff Have Instant Access to All Candidate Reports and Information

Packs Include:

AssessME.org offers the power of integration. The combination of four essential assessments provides a clear picture of how God designed each individual to serve. Each *Pack* includes:

(1) ePersonality

The *ePersonality* assessment is a four quadrant assessment similar to DiSC®or Myers-Briggs®, but designed exclusively for ministry mobilization.

(2) graceGIFTS

grace*GIFTS* is a spiritual gift assessment tool that provides the option of measuring either the practical gifts only, or the entire gift list.

(3) LEADERSHIP STYLE

The *Leadership Style* assessment is an outstanding team-building tool. It identifies the key team-member position that is best suited for each individual.

(4) SKILLS

The *Skills & Interests* profile empowers people to communicate particular skills that may be relevant to ministry (e.g. "electrician", "guitar-player"). It also enables people to list particular areas of ministry passion.

SPECIFICATIONS

Overview:

AssessMe.org is browser-based software. The software may be accessed either from the AssessME.org website, or through a portal within an organization's own website.

Because AssessME.org is browser-based, the requirements to operate the software are minimal. AssessMe.org is both Apple and PC Friendly.

Operational Requirements:

1) A Current Internet Browser

| IE 6/7 | Firefox | Netscape | Safari | Opera |

2) JavaScript Enabled On The End-User's Computer
   Default Setting on Most Computers

3) Cookies Enabled On the End-User's Computer

Data Security:

AssessMe.org protects your ministry's data with complete off-site data backup, pass code encryption, and SSL registration encryption. Additional server campus security includes non-water fire protection, surveillance, access control, environmental controls and auto-generator power back-up in case of power outages.

Systems Integration & Data Export

AssessME.org offers synchronized integration with *Church Community Builder*. If your church uses CCB, you will love the seamless operation our partnership offers.

AssessME.org also offers CSV and XML data export capabilities. This means that your ministry can retain an in-house copy of your data. It also means that you may import your data into Microsoft Office Excel, Outlook, or Word. Through Outlook, your data can be syncronized with most cell phones on the market today.

Furthermore, many church management software companies include data import features which streamline the process of getting your data from AssessME.org into your church database.

PRICING

There Is No Comparison:

An entire Assessment Pack, consisting of all three assessments and skills tracking for one individual, costs no more than $9.00. With quantity purchases, this cost can dramatically drop to as low as $3.00 per Assessment Pack for large quanity orders.

How does this compare with traditional online assessment systems like DiSC® and Myers-Briggs®? They cost between $42 and $65 per assessment! AssessME.org pricing represents a 79%+ savings.

In addition, AssessME.org is a superior resource for ministries. Only AssessMe.org provides four integrated assessment tools that are designed exclusively for ministry team mobilization, a database with candidate search features, and the ability to have the assessments taken directly from your website.

Assessment Pack Prices:

Try AssessME.org with little risk. AssessME.org offers a one-time trial offer of 5 assessment packs for $25. Then, when your ministry makes your formal purchase, the $25 invested on the trial will be deducted from your order.
